CELEBRATING PLANT-BASED AT ITS ROOTS.

We are on a mission to transform the nutrient-rich artichoke into a new world of delicious food possibilities. So, we partnered with chefs to curate real ingredients that deliver on taste and texture along with protein.

Artichokes star as the lead ingredient, supported with a nutritious mix of spinach, quinoa and bean protein – no fillers here! Cutting Vedge brings you inspiring foods rooted in flavor that you won't find anywhere else.

Frozen made fresh- veggies are now the center of your plate!

CUTTING VEDGE IS...
